Professional Profile

An innovative and motivated Full-Stack Web Developer with a solid foundation in Node.js, React, Next.js, and FastAPI. Actively exploring and integrating advanced AI technologies, including Large Language Model (LLM) development using LangChain, LlamaIndex, Model Context Protocol (MCP), and prompt engineering to enhance application functionality and user experience. Currently expanding knowledge in cloud technologies and infrastructure. Experienced in freelance web development, with a portfolio of diverse projects showcased on GitHub, demonstrating adaptability, technical proficiency, and commitment to building robust, user-focused solutions.

Professional Experience

GoWipe Co

Digital Marketer / Web Developer | January 2021 – March 2025

- Developed and managed a Shopify store, implementing custom code additions to enhance functionality and user experience.

- Wrote an ecommerce event tracking script integrated with Google Tag Manager, connecting ads and analytics for performance insights.

- Conducted keyword research to optimize content and improve search visibility.

- Created visual content using Canva, automated social media posting, and leveraged AI tools alongside personal efforts for content generation.

- Streamlined marketing workflows using Zapier for task automation across platforms.

Tip Top Capital
Sales Rep/CRM Specialist | April 2019 – December 2021

- Populated the Salesforce CRM during its initial implementation, ensuring data accuracy for 1500+ contacts.

- Managed a lead list of over 1500 contacts.

- Collaborated with the marketing team to develop and deliver customized sales pitches.

- Set up email response and strategy outline automations with human validation, improving outreach efficiency.

Landtech Data Corporation
Administrative Assistant / Customer Service Representative | June 2016 – March 2019

- Performed data entry and validation tasks, maintaining a database of client records with 99% accuracy.
- Created Excel macros to automate repetitive reporting tasks, saving 5 hours weekly.
- Fielded customer inquiries via phone and email, resolving 90% of software-related issues on first contact.
- Generated leads and followed up on potential client lists, contributing to a 15% increase in conversions.

City Winery
Barback and Server | May 2014 – May 2016

- Provided excellent customer service, quickly fulfilling orders in a high-pressure environment.
- Maintained organization and cleanliness of the bar area, ensuring operational efficiency.
- Demonstrated strong teamwork and collaboration with front-of-house staff to meet service goals.

Scotty Sports Shop
Sales Associate | July 2014 – August 2015

- Assisted customers with product selections and questions, boosting customer satisfaction ratings.
- Organized store inventory and sales floor displays, improving product accessibility.
- Operated the cash register and processed transactions accurately, handling up to 50 sales daily.
